## RED HILL SHOWS RECORD THAT IS GOOD ENOUGH TO HOLD OFF WHITE

FREDDIE HILL

Freddie Hill, accompanied by his manager, Al Edwards, rolled into town yesterday to round out his training for Thursday's bout with Charlie White. Hill appears to be in the proverbial pink of condition, not considering the shade of his locks or the freckles that adorn his fighting face.

If confidence can win a fight there is no reason why Freddie should not beat White, as the Fort Worth youngster has a supply of optimism that savors of victory. He has no plan of action mapped out except that he is going to stand up and fight from the go. Hill stated last night that he had always considered White a man killer but after watching him in his fight with Billy Alger he changed his opinion and started gunning for a fight with the contender.

Hill says he is confident he can beat White and will fight him every second they are in the ring.

Hill was born in West Virginia 21 years ago, but his parents moved to Fort Worth when he was quite young. He started fighting as a kid, appearing at boxing shows with his brother.

He served six months in the army until his age became known and he was mustered out; but while in the service he made a reputation with his mits and in 1918 he fought his first professional main event.

Freddie has participated in 103 fights, won 90, lost 10 and fought 3 draws; he has never been knocked out, but has hit the mat on numerous occasions.

When Hill fought Solly Burns he went down two times in one round, both times for the count of nine; but he came back and floored Burns three times and won the decision.

He fought a 10 round draw with Charlie O'Connell, the lightweight Dun is now heralding as the logical contender for the title. Hill has defeated Otto Wallace, Bobby Waugh three times, Tommy Carter three times, Carter and Hill fought six times, two ending in draws and one going to Carter when Hill broke his hand in the 12th round after beating Tommy all the way; Bobby Green, Mickie Douley, Dutch Crozier, Frankie Burns, Johnny Tymen, Fighting Davis, Battling Schultz and a number of lesser lights. Bobby Waugh stayed 15 rounds with White and Hill beat Waugh two times. Battling Schultz went 4 rounds with White, and Hill stopped Schultz in 4 rounds.

Tommy Murphy fought Hill weighing 138 pounds and Freddie tipped the scales at 132. He lost to Murphy in a close decision.

Young France won a 10 round decision over Hill in 1920 in one of the best scraps ever staged in Miami.

Freddie fought a 10 round draw with Russell Chambers at Douglas last week, with Chambers entering the ring at 145 pounds and Hill will weigh in right now at 134 pounds. Hillie Kleck, welterweight champion of the A. E. F., went to sleep in three rounds, and later dropped from Hill's right in 13 sessions.

Hill's record looks good on paper and with the Fort Worth boy's confidence and willingness to fight he should give White a real argument Thanksgiving afternoon. He will work out at the Eighth street arena at 8 o'clock this afternoon.

White should arrive here this afternoon and will work tomorrow at the Eighth street arena after Hill completes his workout.

The preliminary boys are lined for the program which will go through as previously announced.

## Winter League Is Not Proving Grand Success Expected

When the winter league of baseball was proposed by California promoters, the major league magnates did not view the idea with favor. It was said that efforts might be made to prevent star players from going to the coast after the close of the major league season. However, when stars like Cobb, Slater, Hornsby and Helman said they had accepted contracts, the magnates held their words. The promoters, however, failed to get some near stars, and it is said the fans out there, now that they have seen the quartet of big leaguers, have had their fill. Football and other attractions have so cut into the attendance, that the league may not be able to weather the storm. It is a cinch it will not be in the field next year.

## Fistic Celebrity Ducks Frisco Fog For Phoenix Clime

Fighting Billy Murray, he of the monogrammed socks and manager of a string of fighters that makes Leo P. Flynn look lonesome, arrived in Phoenix yesterday afternoon.

Mr. Murray was accompanied by the missus and announces his intention to remain here indefinitely. Fighting Billy Murray held the middleweight title a few years back when middleweights were forced to retain their laurels. Murray fought 227 battles, but being a modest fellow refuses to acknowledge the exact number of victories credited to him. Billy says he is sure he won the 27 anyway.

He was knocked out three times in his long career, once by Les Darcy and two times by George Chip. Murray was under the management of Jack Kearns for several years and when he quit the ring four years ago the pair split an even \$100,000. Kearns is still adding to his pile through the successes of Champion Jack Dempsey and Murray invested his \$50,000 in San Francisco real estate. Billy says "It's tough when you buy real estate in Frisco and can't live there. But it's a fellow's health first and I can't stand the fog any more. I can live comfortably off the income from my Frisco real estate, but I intend to make Phoenix my home. I can handle my fighters just as well from here and from what I can hear this is a good fight town. As a place to live I'm satisfied with Phoenix and the wife and I expect to live here. Just say we'll be here indefinitely."

Murray has taken an apartment on North First street close to his old side-kick Bennie Dobbert. The pair were millers together years ago and many a ring history was made and re-made when they met yesterday. Murray looks after the interests of Jim Barry, Red Williams, Johnny Dempsey and Soldier Day. He hopes to have his boys down here before long and will book his matches out of this city.

## Aubrey Devine Leads Scorers In Conference

(Republican A. P. Leased Wire)

CHICAGO, Nov. 21.—Aubrey Devine, the little all-western captain and quarterback of the University of Iowa football eleven, western conference champions, led all the big ten stars in scoring during the past season. Devine tallied 65 of the 122 points his team made in championship contests, a record which has not been equalled in the conference in recent years.

Devine's record represents nine touchdowns and 14 goals from touchdowns. He led the conference in each of these branches of scoring as well as in the total points. Counting preliminary games, his total would be much larger.

Ranking next to Devine was Elliot Wisconsin, halfback, who scored seven touchdowns for 43 points in championship contests. While Fullback Locke of Iowa was third and Bedding of Iowa tied for fourth place, giving the Hawkeyes three of the four leading scorers of the season. Devine, who was recently termed "the greatest backfield player the country has ever known," a man of all-American calibre, by Dr. Harry Williams, Minnesota football coach, is 23 years old, is of stocky build, five feet nine inches tall and weighs 163 pounds. While Devine and Locke have done most of Iowa's scoring, the former's brother, Glenn Devine, halfback, has been a star in interference work. In the last two of his three years on the eleven, Aubrey Devine has been chosen by nearly all critics for quarterback on the mythical all-western and all-conference teams.

## Tennis Is Only Sport Left With No 'Pro.' Ranking

Will the leading stars of the tennis world decide to turn professionals?

Tennis, of all the major sports, is the only one that has always lacked the professional class.

For year baseball and boxing have played the leading roles in catering to the professionals. While amateur baseball has a stronger hold on the public than any other sport, still professional baseball is almost equally popular. The opportunity to become a professional and make the grade to the big league is what inspires every amateur player to greater efforts. The situation in boxing is somewhat similar, except those scoring part are greatly in the minority.

Football, up until a few years ago, was considered a college sport purely. It was never thought that the game would become popular from a professional standpoint. However, it is beginning to be as if the promoters of professional football were about ready to reap the harvest. Football is no longer the sport of the colleges. General public has caught the spirit. Golf has its amateurs and professionals. They seem to get along very nicely. If it goes big in golf why not tennis? It is stated on the best authority that some New York promoters are planning to barnstorm the country with the leading stars of the game. They are offering salaries which it seems no sane man can turn down.

## CHIEF DURRAND AND HIS INDIAN BRAVES

No. 1—A close-up of Coach Durrand showing the fighting face of the warrior of old. No. 2—Captain Bird, left half back and most reliable kicker on the Indian team. No. 3—Fullback Norton, a heavy line plunger and accurate passer. No. 4—Most remarkable action picture ever snapped on a local football field, showing Dooley in a flying tackle just about to nail Hendrix who is carrying the ball. Dooley, who holds down the left end position for the Indians, made an accurate dive of six feet to reach Hendrix when the picture was taken. No. 5—Quarterback Lewis of the Braves. A speedy player and good field general, he can be relied upon to introduce quick plays in any game. No. 6—The Indian back field—reading left to right—Captain Bird, right half; Norton, full back, and Adams left half.

## PHOENIX INDIANS WILL HAVE SOME WEIGHT EDGE ON COYOTE ELEVEN

Can the paleface warriors hold Durrand's tribe of Indian Braves in the big Thanksgiving gridiron classic?

Coach Durrand says it will be a feast for the Braves and Coach Robinson declares the Coyote herd will drive the Indians back to their wigwams with an attack that will rout all thoughts of a Thanksgiving dinner.

Robinson's Wonder Team has smashed through a season without a high school defeat and they hope to finish the season with a perfect score.

The Indians will have it on the Coyotes for weight and the Braves are fast, but the Coyotes are going fast and their work against El Paso Armistice day stamped them as big town athletes.

The Indian lineup and weights for the Thanksgiving game follow: Norton, fullback, 170; Bird, captain and quarter, 170; E. Adams, left half, 165; Lewis, quarter, 135; Dooley, left end, 150; Antone, right end, 130; Smith, left tackle, 160; J. Evans, right tackle, 150; Flores, left guard, 150; Matthews, right guard, 135; Juan Z. Adams, center, 161.

This year's game will be played on the Indians' home grounds, which will give the Braves an advantage. Additional bleachers seats have been provided for the accommodation of the fans who are expected to attend the game. The field is in good condition and the perfect driveways make the school easily accessible from town. The Phoenix Railway company will have special service to the grounds and return.

R. P. Rozine of the Bear drug store has donated the pigskin to be used in the big game. The football goes to the winner of the annual game and will adorn the trophy room of the victorious school.

It was hoped to arrange the game early in the afternoon, but arrangements already made at the Indian school necessitated that the game start at 2:30 p. m.

In looking over the past records of the teams, the Coyotes hold the advantage in seven victories of the 11 games played, the Indians have won two and four were ties.

The results of 10 years of football warring between the two teams are given below:

Year	Coyotes	Indians
1911	6	6
1912	0	29
1913	0	4
1914	20	7
1915	14	0
1916	0	14
1917	2	6
1918	17	9
1919	23	14
1920	29	12
1921	23	7
1921	7	7

1915—No game played due to influenza epidemic.

## Illinois Coach Says Movies Show Winning Play Was Not Fluke

(Republican A. P. Leased Wire)
